

Smart logistics for libraries

Highly efficient return, sorting and transport solutions

Once a month we offer you the opportunity to experience **cutting edge logistics solutions** for media return, sorting and transport live in our Telelift Academy. Learn more about our integrated solution developed especially for libraries in **cooperation of Telelift and bibliotheca:**

- > Book sorting and transport across all floors as well as pre-sorting of media for multiple locations
- > Reliable 24/7 operation without additional human resources
- > Faster delivery of magazine media
- > Integration in existing and new buildings
- > and many more

Ask our experts and exchange views, ideas and experiences with other librarians!
